BRIEF HISTORY OF COMPANY: Founded in 1985 by President Jim Rys, House of Trucks was created to fill a niche in the trucking industry. Together with the late Vice-President, Jerry Gerber, the focus was to provide late model, low mileage reconditioned tractors most with factory or extended warranties. The tractors would look and run like brand-new, but be offered at lower, more affordable prices. Our main focus would be late model low mileage used trucks. Today, House of Trucks is the Midwest's largest independent used truck dealer with a national customer base.

SERVICES OFFERED TODAY: Used truck sales, Trailer Sales, New MAC Trailer Sales, Construction & Waste Equipment, New Benlee Trailers, New Coras Trailers and New Autocar Spotters. House of Trucks listens to the customer's needs and finds the best truck or trailer to fit their application. House of Trucks will also *remarket* or purchase your equipment outright. We have one of the largest remarketing groups available to maximize your return on used equipment.

COMPANY PHILOSOPHY / MISSION: Customer satisfaction is the reason for our continued growth. "Customer satisfaction is not a goal...it's our guarantee!" Our total dealer commitment includes Sales, Remarketing, Storage, Appraisals, Finance, Insurance, and Purchasing & Delivery anywhere in the USA.

FUTURE OUTLOOK / FORECAST: House of Trucks has expanded recently, increasing the size of our sales staff, finance department, remarketing department, and shop. We have also expanded our inventory options to include New Autocar Spotters, New Benlee Trailers and New Cora's Trailers.

WHAT IS THE MAIN POINT YOU WANT TO GET ACROSS TO OUR READERS? Why buy new when you can purchase "like-new" trucks and trailers with excellent customer service, warranty programs, and special financing at more affordable prices. House of Trucks has the Late Model Alternative to New.

- House of Trucks "*total dealer commitment*" makes each customer's buying experience a rewarding one.
